ATTORNEY INFORMATION

Name:	Law Firm:	Phone: () -	
Address:	City:	State:	Zip:

We would like to make you aware that auto insurance companies cover Physical Therapy benefits as long as there is Personal Injury Protection (PIP) available on the claim. We do call on every claim to verify PIP is available and that an open and active claim exists for the auto accident; however, adjustors are unable to reveal the total dollar amount remaining for use. Therefore, as the patient, it is your responsibility to know and to understand what benefits are covered by your auto insurance. We will continue to bill your auto insurance until PIP has been exhausted and claims are denied. As backup to bill these potentially denied claims, it is our policy to obtain private medical insurance information in addition to your auto insurance. If you do not have private medical insurance and/or if you do not wish to provide your private medical insurance information, all denied and unpaid balances will be your responsibility. Please let us know if you have any questions about this policy or the information conveyed.
